

Belt

Claesson Koivisto Rune

Technical

Belt, designed by Claesson Koivisto Rune, is aptly named after its distinguishing belt-like handle strap which runs up the side and across the top of the seat. The strap provides an integrated handle, fitted flush with the fabric cover, which can be easily gripped when the need to move the stool arises. "We have taken particular care to design a pleasing shape for the stool, which we wanted to have a soft character with a gentle taper towards the base." Says Claesson Koivisto Rune 2018. Naturally, the Belt stool is circular in plan making it omni-directional. The thick, saddle leather used for the strap forms a crisp, graphic accent to the design and can be specified in several colours that can be used to contrast or complement to fabric seat cover.
