

modus

Modus is a highly respected, award-winning contemporary furniture brand, designing, manufacturing and selling its own ranges for home and commercial use.

Clients include multi national companies, British icons, architects, office and workspace interiors and luxury hotels around the world. We work with some of the world's most renowned designers to produce furniture of an exceptionally high standard in terms of design and quality whilst keeping our footprint as light as possible.

We are an established team of dynamic professionals working in a fast paced, stimulating environment in fabulous, architect designed, custom built offices and production facilities set in one of the most scenic rural locations you could imagine.

We are Hiring

Site Supervisor - Kitchen and Wardrobe Installation

Job Description

Based on site, responsible for supervising a team to install a large-scale kitchen and bedroom installation project.

Perks

You will be part of a dynamic, highly-motivated, growing team of individuals working within one of the most highly respected British design brands with an open, progressive and forward looking attitude. You will be working in a stunning, rural environment with fabulous views over rolling countryside in a large, light, bright, beautifully designed, open office workspace. You will have access to a fun social calendar, pension and private healthcare.

Your Role Will Include

- Ensure a consistently high standard of work is produced in accordance with specification and quality standards through regular quality inspections with the installation team and Project Manager
- Direct and supervise day to day operations of installation team ensuring appliance of common operational procedures
- Ensure material requisitions are issued in adequate time to achieve the Programme
- Schedule, control and monitor all plant and material deliveries and distribution on a weekly basis
- Ensure all work is completed to programme
- Liaise with Project Manager, Site Manager/Agent, and Contract Surveyor regarding cost control, waste management, variations and confirmation of instructions.
- Carrying out safety inspections and fulfilling the health, safety and welfare responsibilities

- Create and maintain good relations with clients, design teams and neighbours as well as any other stakeholders
- Maintain comprehensive and accurate records of own activity related to projects to enable traceability
- Fulfil the role of Mentor as and when required
- Control and monitor site waste in accordance with the Company's Site Waste Minimisation and Management policy
- Fulfil company CPD requirements undertaking all relevant training and development activities as required
- Contribute to the Company's Corporate Social Responsibility initiatives

You Need Experience In

- Experience of large-scale installation supervision
- Experience of prioritising workloads in order to achieve project outcomes and / or strict deadlines
- SMSTS
- Experience of supervising a variety of people
- A working knowledge of Health & Safety principles
- Ability and knowledge to deal with Health & Safety issues promptly
- Must have understanding of construction terms, scheduling and planning concepts
- Proficient in Microsoft Word, and Excel
- Relevant CSCS & H&S qualifications/accreditations

You Need To Be

- Self-motivated with initiative
- A flexible attitude
- Excellent organizational, presentation, and interpersonal skills
